Please take note of the following information:

Updating your website is optional and only necessary if you wish to add new content. When building a new website, we kindly request that you purchase the domain name (.co.za or .com) under your own account. The Basic package is billed annually and does not allow for personal website editing. The Model package allows for up to 100 products to be hosted, but an additional R500 is required for every 10 extra products. With the Model package, you can edit the website, and it is billed annually. The Super Star package is a fully customizable WordPress website and allows for unlimited products. This package is also billed annually.
